

**Who is the Sculptor??**

**Who is the Owner??**

My maiden name was Mary Jean West and I was a ballet major at The Boston Conservatory. I was the model for this sculpture done in Boston around 1963-64, by a young woman sculptor. I was told it would be cast in bronze.

Please email me if you are the sculptor or owner of this sculpture—or, if you have any leads as to who to contact.
